Princess speaks at B.Ed Banquet

The first of two semi-annual banquets for the students and staff of the Bachelor of Education course at McGill University took place at Macdonald College on November 10, 1964. The purpose of the banquet was to allow the students in the first and second years studying at Macdonald College to meet their colleagues, students in the third and fourth years, from McGill.

This year we were honoured to have as our guest speaker, Miss Kahn-Tineta Horn. She is a member of the Indian Council of Canada. Recently Miss Horn appeared on "Telepoll" where she advocated that the Canadian Government should

spend five hundred million dollars on Indian education and welfare.

The address dealt with the problems of Indian education in the face of advancing technology and increasing population.

We were very pleased to have Miss Horn as our guest speaker.

Following Miss Horn, the students and staff were entertained by the folk singers of Don and Donna and John Horton.

Everyone present had a very enjoyable evening and all are looking forward to the second banquet to be held at McGill University early on the next year.

The following is the context of Miss Horn's speech.

Content of Speech by Miss Kahn Tineta Horn

There have been many statements that the provincial government is "better equipped" to deal with Indians education and welfare than the Federal government and some of the reasons are:--

Closer to the Indians.
Understand them better.
Provincial governments handle education.
Provincial governments handle other welfare.
Regional problems of Indians are different and require different dealings.
The false nature of such statements is easily proven. For example in Quebec, Caughnawaga, St. Regis, Maniwaki, the three large Indian reserves, are all within just about 100 miles of Ottawa. We are twice that distance from Quebec City.

The Provincial governments, except in Manitoba, do not understand Indians at all. Ontario was going to take me on a tour of Indian communities and then at the last minute they changed their mind. This showed to me that they feared my going with them. It showed to me that they didn't understand Indians. To "understand" Indians takes perhaps 10, 20 or 30 years of study. It is impossible to have 10 provincial and 1 Federal governments producing experts on Indian life when in Canada today there are only perhaps a dozen men who really understand the problem.

The provincial governments will never -- and I repeat NEVER understand Indians. But they do understand the value of Indian lands which they would like to tax and then take over and divide up.

The fact that Indians may go to provincial government schools has nothing to do with the provincial government. It has to do with the taxpayers. Indians go to those schools and their way is paid. There is no need for the provincial government to have anything to do with this as long as the

Indian students way is paid.

Anyone can hand out welfare! Just as the provincial government can hire welfare workers so can the Federal government. There is nothing that the provincial government can do better in welfare than the Federal government can do, and there are some things that the provincial government cannot do nearly as well.

Regional problems of Indians are the same everywhere. I will read to you what they are from my Indian welfare plan.....
Protection of Indian lands.
Education and training of young and adult Indians.
Community planning and community development.
Housing
Health
Employment Development.
Psychological and Psychiatric adjustment.....

It is insane to think of developing eleven organizations in Canada to administer such a plan when one organization, the Federal organization, can put into effect such a plan which is common to all Indians.....

I would describe the Federal-provincial conference on Indians, in our absence, like having a trial of an accused man without telling him he is accused or letting him speak.

The Germ ...

The conclusion, that we are now going to have to vote to see if the Federal government can avoid its responsibilities and turn them over to third parties, is a disgraceful conclusion.

The conference in Ottawa must be cancelled, its results withdrawn and any suggestion of a vote must be rejected because Indians traditionally refuse to vote in white man's elections.

There is one answer to the situation:

The Canadian government must put into effect a wide welfare plan now for all Indians of Canada and within 35 years this will have a tremendous effect -- the first step is to make sure that the provincial governments everywhere play - hands off..

Sadie Hawkins week is off to a good start, with both the boys and the girls letting their hair down. The girls are trying to outdo the boys, and visa versa. As a result the boys in Agr. '66 have chosen a group of 10 boys

Community Boss Visits

Mr. David Malcolm, Director of the Community Leadership Branch of the Newfoundland Department of Education, will be visiting the Macdonald Campus on November 18th and 19th. He is interested in interviewing students in third and fourth years interested in a career in community development work in Newfoundland. Salaries start at \$4,500; the necessary qualifications include a degree in agriculture, home economics or education.

Mr. Malcolm will be interviewing students in the Seminar Room on Thursday morning, November 19th.

STS Decisions

The following items were decided at a recent S.T.S. meeting:

The S.T.S. executives will not be responsible for S.T.S. representatives doing outside work for individual classes.

David Spencer will head the debates for the Education students.

Big Success

During the two days Treasure Van was here, November 4 and November 5, it was met with great enthusiasm by many Mac students as well as outsiders. The total sales reached a high \$1165.00. Thanks is extended to all those who lent a hand in making Treasure Van 1964 such a success.

Janet Orr

The S.T.S. is investigating fully the possibility of having coffee and soup machines in the coffee shop to speed service at meal hours.

S.T.S. Debating Club Formed

This week the S.T.S. Debating Club held its first meeting. The purpose of the club is to set up a program where by students are given the opportunity to debate on topics of their choice. It is hoped that from the group of debaters who take part, two teachers will be picked to represent the teachers against two members of the Agr. faculty on Lit and Debating Night. On this evening we hope to have a guest speaker address the college on some important aspect of college life.

The two members chosen will also represent the college on the intercollegiate debating team. These two people will receive a trophy from the S.T.S. for their part in this activity.

The Agr. and H.Ec. division will be under the guidance of Lit and Deb, and its chairman is Fizul Baccus.

We of both need the support of the students here at Mac. Get out and give us your support.

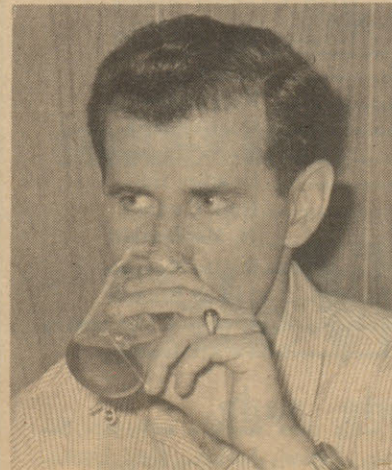

S.T.S. Division - Meetings each Wed. 12:45 to 1:15, room 224.

Please Note

ALL articles for the Fail-He Times MUST be in by 8:00 pm, and no later, on Monday of each week. This is necessary so that typing can be done early for the edition of that week. Please help the staff by heeding this request. Thank-You.

Court tonight

to be known as the Terrible Ten. They were chosen for a number of reasons, all of which are not clear to the writer; however, we would suggest that everyone turn up for Kirk's Court, which is being held tonight in the Assembly Hall. The Terrible are pictured on page six, and after one look we know you will all be present tonight.

... an' Jim

Art Corner

Mesopotenian Art

This period can be broken up into the following styles; Sumerian style, Neo-Sumerian, Assyrian 1300-600 BC, Chaldean 600 500 BC, Persian 558-330 BC and Sassanian period (Bersia) AD 266-641.

In all its styles, Mesopotamian art expresses dynamism through wide open staring eyes and power through exaggerated muscles. The human body was reduced merely to an ornamental pattern, while animals were carved to show ferocity or the agony of suffering. A great deal of ornament and decoration in the minor arts pervaded this whole period. The materials used were mostly clay, reed, metal and stone.

The architecture of this period was also dynamic, expressing the relation between man and god. Famous structures were Babylon, walled in

city on a platform with heavy glazed brick walls; the Ishtar Gate, sacred arched gate of processional street, leading to the Tower of Babylon; Persepolis, a stone structure with tall bull-headed and man-headed capitals, exterior staircase and ramps. Greek Art

This spans a period 625-400 BC and is divided into the following Archaic or First Greek style; Transitional style; the Golden Age 450-400 BC and the Hellenistic Period spanning the fourth to the first centuries BC.

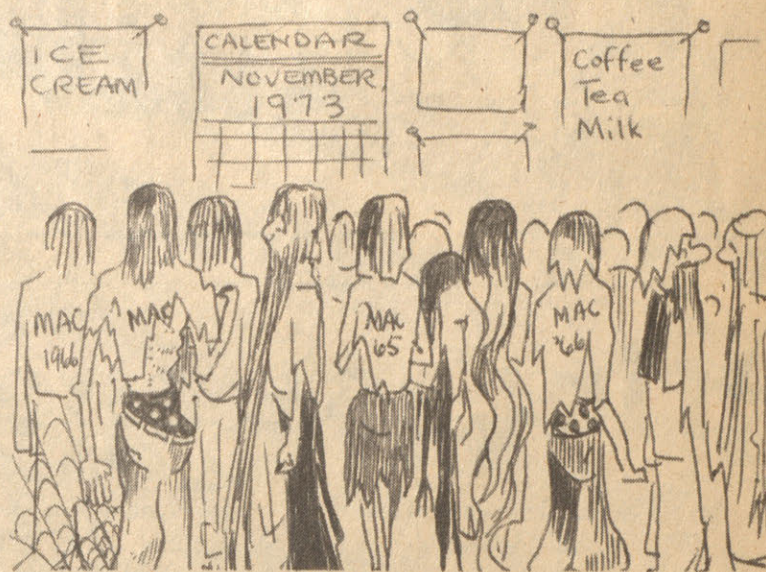

The Greeks subjected man to scientific study and portrayed him as a three dimensional, graceful child of nature. In the Golden Age, figures attained freedom of movement, poise and buoyancy.

Hellenistic styles, due to

Oriental influence replaced idealism with drama, tragedy and movement. The philosophers after the 5th century helped to hasten this approach. Their subject matter included slaves, wounded soldiers, those persecuted by Fate, genre scenes and Medusa.

Greek architecture, besides possessing rhythmical quality, was a perfected structure, mathematically and aesthetically. Subtle variations in width of bays (opening between two columns or piers) created optical illusions. The total impact was of an alive structure with an inner dynamism. The Greek temple served as a visual reminder rather than as a structure to be entered. The temples increased in size and the religious weakened. Alexander the Great spread Greek art and architecture to the Orient.

MACDONALD COLLEGE COFFEE SHOP

Your Coffee Shop

The coffee shop SHOULD serve as a place of enjoyment where any student can sit down and enjoy a cup of coffee and a doughnut, or where one can relax, watch TV, talk with friends or play

cards.

This is not the case at present! The coffee-shop, if one stops to look around, is a MESS. Students no longer take the time to clear their own tables. Trash is not only torn to bits and scattered over the tables but is usually piled high on the floor.

The coffee shop is for each student and also each student should feel responsible for seeing that it is kept in good order. It only takes a minute to put your trash in the basket and clear your dishes away. It makes it nicer for the next person to use that table and SOMEDAY you just might be that person.

The coffee shop committee in co-operation with the residence committees has set up some rules in an attempt to achieve an enjoyable atmosphere in OUR coffee shop and avoid confusion at the noon hour rush:

1. Tables should be cleaned of all dishes and waste when leaving. If you sit down to a messy table, it is your responsibility to clear it.
2. Card playing from 11:30 A.M. to 1:00 P.M. is not allowed.

The Stewart Room is available at these hours.

If there is not a marked improvement in the way in which the coffee-shop is used by students at present, it will be CLOSED.

These are simple rules and easy to keep if each student shares in the responsibility.

Beefs Of The Week

We sure hope the Varsity Hockey Team can reserve enough strength for the game on Saturday after the scrimmage with the Junior Varsity tonight. If they do they have more energy than the average human being.

* * * * *

It would be appreciated if the staff at the Coffee Shop would learn how to make a decent milkshake and also to serve them without bending the straws.

* * * * *

There are an alarming number of Sophs at the Senior tables at mealtimes. All kidding aside: we do need at least one television in working order in Brittain Hall.

* * * * *

Perhaps students in residence would not mind paying fines for talking after "quiet hours" if their house committee reps turned off their own radios, friends and showers during those same sacred hours.

* * * * *

A Reply to Smokers and Drinkers:

Thanks for the message. Don't worry we know where we are though you may not know where you'll be!

Council Corner

A meeting of the Students' Council was held on Monday, November 2nd, 1964.

Mrs. Jean Vauthier, the permanent secretary-treasurer, attended the meeting as she will now act as recording secretary for Council.

It has been decided that 7% of the gross sales from the Coffee Shop will go to the student body. This money will be used for recreational activities on campus, such as ping-pong, billiard supplies, etc.

A Committee, consisting of Marlene Robison as chairman, Wendy Ferris, and Harry Haricharan, was formed. These people will meet to review suggestions made on how to improve conduct at class parties and on the availability of class party facilities on campus. It is felt that class parties are getting out of hand as they are no longer just for the class putting the party on but for many other students and non-students as well. An attempt will be made to reinstate class parties as they used to be, and not continue having college parties only.

The sum of \$3,212.50 has been given to Council from bookshop profits. It was moved that this sum be placed in the general Students' Council fund and put to use at a later date.

A suggestion of an official way for students to walk to and from Ste. Anne de Bellevue was discussed at the meeting. A committee consisting of Rick Holley as Chairman, Grace Beach, Darrell Wood,

and Janet Orr was formed. It will be the committee members' duty to draw up plans for this sidewalk, and to formulate reasons for having it and the rules to be enforced.

A motion was made for the Students' Council to back the Agricultural Undergraduate Society with \$150.00 to cover any expenses for the current fiscal year. This is a new Society on campus with Doug Avery as President and it is hoped that in the very near future it will become popular with all Agriculture students.

A Leadership Training Course sponsored by the McGill Junior Chamber of Commerce has been established. The course will take 6 weeks to complete, (3 hours weekly). Anyone interested may contact Marlene Robison for any further information.

A report was given on the Memorial Assembly and the Council was asked to submit any further names for guest speakers to Barry Stephen or Marlene Robison.

Awe Inspired

Due to the recent change of management in our beloved coffee shop, we can rest assured that the professional staff now in control will put into practice many new ideas for increased efficiency control of the inefficiency now prevalent.

The ladies of the coffee shop have been complaining about

the mess the students leave. The unfairness of it all is that it is true. -- Hurts doesn't it?

Our fair college, not perfect in many ways, certainly does need many improvements in student facilities. The problem, so far, is that the Students' Council cannot find enough money to waste on them.

Letter To The Editor

"Art For The Farmer" Joke?

Dear Sir:

Was the article in the November 5th issue, entitled "Art for the Farmer", the first of a series by "our teachers", intended as a joke, or as a serious attempt to instill culture into the agricultural mind? I would hope that it was the former, since, judging from the first contribution, I would suggest that the series will do nothing toward the cultural enlightenment of "our farmers" but will serve merely to convince them of the ignorance and illiteracy of the "teachers".

The factual (?) statements were not only disjointed, but also liberally sprinkled with inaccuracies. The following statement is one of them: "As example of this (the grave or house of the dead) is the relic at Stonehenge England, (1500 B.C.), of solar circle (cromlech) a consecrated precinct". The function of Stonehenge was probably that of a solar observatory and temple, not a house of the dead. A cromlech is a megalithic

tomb, i.e. a tomb built of standing stones often capped with large flat ones to form a roof. The author then says, "This erect stone slab was positioned to reflect the sun on the altar." There is, of course, not just one stone but there are several concentric rings of stones. The first rays of the rising sun at the summer solstice pass over an outlying stone and be-

tween the stones of the rings to strike the altar slab. No reflection is involved.

The level of English usage is below the standard that should be expected in the classrooms from the pupils of said "teachers". Many statements were completely unintelligible.

Yours truly,
John R. Hill,
Rowan M. Emberson.

Gratefull For Bloody Succes

Dear Editor:

This year's Drive was a "Bloody" success as far as I am concerned, but it would not have been so without the help of many of you from the student body, who worked behind the scenes. If it wasn't for your willing efforts, the 577 pints donated would just not have come about.

Actually we beat last year's donation by 41 pints and so there is no regret on the committee's part for not reaching our 700 -pint goal. Besides we even did it in 8

hours and not the usual ten hours.

Thanks should also go out to Houle's pharmacy, Cyprihot's, D'Aoust's, RCA, Decca Records, Piazzo Tomasso, Miss Montreale, Rex Theatre, Dot's Beauty Parlour and Rothman Cigarettes for their contributions towards door prizes. Congratulations to all the winners! Speaking of congratulations, I'd personally like to extend them to Sandy Silverman who won the poster contest with her cute Kiltie Corpuscule, in stiff competition with other artistic efforts. I hope you enjoy your dinner at Larry Moquin's in the near future, Sandy.

Pascal's Hardware should also receive many thanks for their kind donation of masking tape for the polyethylene put down on the Gym floor.

All I can really say is, Best of luck to next year's committee for an even bigger and better success than ours.

Joy Maddaugh,
Chairman of Blood Drive '64.

Poor Mail Service in Brittain

Dear Sir:

I am becoming quite concerned about the reliability of the mail delivery here in Brittain Hall. It has been known to take more than 48 hours to get a letter from the Post Office in the Main Building to Brittain Hall, and more than 24 hours to have letters put into the Boxes when delivered right to the Brittain Hall Post Office. These cases are not few and far between, but are becoming quite frequent.

I can understand the difficulty in delivering the mail at exactly the same time every day, but I think we should be able to expect that all the mail available will be delivered 6 days per week at least some time during the day.

I am not only speaking for myself in this letter but for a rather large group of dissatisfied residents of Brittain Hall. I would like to challenge those students responsible for this poor service to remedy the situation immediately, or provide an explanation as to why they cannot!

Sincerely,
Chuck Warner

Dear Sir:

Since we have been here at Mac this year the mail service in Brittain Hall has been deplorable. The mail is very seldom in the boxes at a half decent time and sometimes it is not even put in the boxes at all. This weekend for example there was no mail delivery at all on Saturday. There was no delivery until Mr. Gatenby was approached and informed of the situation and apparently he put the mail in Sunday afternoon. This is only one instance, I could enumerate many more cases. In former years the mail has always been in the boxes on the average by eleven o'clock in the morning and by five in

the afternoon. What is the excuse this year? I'm sure we wouldn't mind the poor service except for the fact that two gentlemen are receiving \$25. each a month for their paltry services. If they don't have the time to spare to give us a half decent service then let someone else do the job. I'm sure there are many of us who could do a better job.

If this poor service must continue then at least put a sign on the box saying when the mail is in. Is this too much to ask?

Yours sincerely,
Roald F. Kittilsen

3Yr. Record

Dear Sir,

I would be failing my duty if I did not compliment the Class of '68 for organizing such a wonderful, boozeless class party in the New Dining Room. It was one of the best class parties that I have ever attended in my three years at Mac. Keep it up, Class '68.

A Lesson

Well, Sadie Hawkins week is just about over, and as usual the boys have had themselves a royal ball. The girls no doubt are just about fed up with carrying out trays, lighting cigarettes and the like; but still they have had a chance to invite out that cute "swampy" or whatever, that they have had their eyes on since the term began.

It is my hope that more than this has been accomplished by the past week. The boys have spent their time trying to make the girls treat them like girls are supposed to be treated the other fifty-one weeks of the year. The funny part is, however, that the girls are hardly ever treated as well as the boys have been this past week.

I may be a bit-old-fashioned, but I still am awed to the fact that women are so poorly treated here in this big city. I had to see it for myself before I would believe it. Now a person can overlook the fact that boys don't carry out trays for girls, hardly ever offer them a cigarette or a light, and seldom buy them a cup of coffee; but ignorance in chivalry becomes fairly obvious when the boys don't hold doors open for women, let alone girls, and it becomes appalling when the aforesaid boys refuse to give up their seats on a bus to women. It is something to be ashamed of when a boy sits in a seat, and does not get up to give said seat to a woman with an armload of parcels. I have even been on the bus when a woman several months pregnant was not given a seat by a number of boys sitting beside her.

I must admit that the only place I have seen the above things carried to an extreme is here on the Island of Montreal, and I hope that no other place is like this; although there probably are, this is no excuse for us, so as I said before, I hope the boys have learned something during the past week, and will put this knowledge to work. It is a well-known fact that courtesy spreads, so lets start spreading.

Rugger squad trounces Montreal club

At last the Macdonald College Rugger Team has been able to prove its worth. Last Saturday, at noon, fifteen Macdonald players clashed muscle and bone with their opposing number on the Wanderer's team (a Montreal club). Macdonald came off the field, at the end of the match, the worse for cuts and bruises, but victorious, winning 9 to 3.

It was with a little apprehension that each player went onto the battle ground. More than half the team had never played a real rugby game before and were not quite sure how things would turn out. It was quite evident from the beginning, that the preparatory evening practices had instilled in most of the players the basic rules of the game and a sense of team spirit. It was with these weapons that Macdonald held its own against the Wanderers. The first goal for Macdonald was made when Alan Campbell (scrum-half) passed a dummy to the fly-half thus managing to break through the opposing three-quarter line for a touch-down. There was some good strong running done, especially by David Casson (fly-half) and Ross McGibbon (inside-centre).

In the second half, the Macdonald side was beginning to function as a unit. Wanderers put on a lot of pressure and

Mac's No. 3 takes the line-out

Macdonald fell back, but with good tackling and support prevented Wanderers from scoring for a long time. It was in a line-out near the Mac. line that the Wanderers managed to break through and equalize. Mac. rallied again and scored. With the end approaching, Mac. was getting to look more like a team. The and scored. The ball was being passed more and everybody was supporting the man with the ball, so much so that in the last two minutes of the

game Mac. scored by a team effort. In a scrum movement the ball became loose and was dribbled for many yards before it was picked up. Gary Shaver (left-prop) picked the ball up and ran with it before sending Eric Roberts (left-wing) sprinting for the line, to score. Incidentally the latter had never touched a rugger ball before this game. Thus, victory was clinched for Mac.

The game was very encouraging and gave to many some

experience of how the game should be played. It also gave the coaches, Alex Schumacher and Jim Widdop, some idea of where the team's weaknesses lie.

There will be a return match next Saturday (14th. Nov.) against the Wanderers. Who will be fielding a stronger side.

Anybody who feels he would like to try his hand at this enjoyable & satisfying game is always welcome.

...Let's Get the Puck Out of Here

The hockey team will open their season this Saturday, Nov. 14 against C.M.R. in the City Intercollegiate Hockey League, game time - 2 P.M. Coach Bob Pugh will have eighteen players dressed for this opening encounter. Leading the hockey team will be

Ron Trivers and John Jonson both starting their third season at Mac. Returning from last year are goalie Spencer Dunn and defenseman Dick Finlay. Newcomers include Terry Pender who will combine with Trivers and Jonson to form one forward line. Bob

Grant who has played his hockey at N.S.A.C. and U.N.B., Alex Mansen from Lakeshore Junior B, Doug McEwen from Asbestos and Mike Villmun from the Lakeshore. Coach Pugh is very pleased with the turnout for both varsity and J.V. hockey as a total of 60

players turned out. This shows a keen interest in hockey and improved the competition. We wish the boys success for the coming hockey season.

There will be an exhibition game this Friday, Nov. 13 from 7:00 to 9:00 P.M. between the Varsity and the Junior Varsity hockey teams. This should be an exciting hockey game as the Junior Varsity teams has such fellows as Harold Johnston, Bill Stewart, Ross McKibben from McGill Indians and Norm Gillespie from Phys. Ed. I in goals. The J.V.'s will play St. Thomas High School on Nov. 20.

Attention All Curlers!

AN OPEN BONSPIEL TO BE HELD NOV. 28/64

All those interested MAKE SURE YOUR NAME IS ON ONE OF THE LISTS POSTED. These lists are posted as follows 1. Foyer Stewart Hall 2. Bulletin Board outside Inst. of Education - Main Bldg. 3. Bulletin Board outside coffee shop.

All names must be listed before Sat. Nov. 21, 1964.

Final details about Bonspiel will be given at Open Meeting Tuesday Nov. 24/64 in C250 at 7:00 p.m.

Those participating in Bonspiel please come to meeting as well as all other interested curlers.

Membership fees for the curling club are \$2.00 for the season. These fees may be paid to one of the following

Bill MacLellan	Brittain Hall
Brian Millar	Brittain Hall
Nancy Hornibrook	Stewart Hall
Diane Simpson	Stewart Hall
Sue Parrish	

MEMBERSHIP FEES BE PAID BY DEC. 1, 1964

Interclass Volleyball

The schedule began on Nov. 5 with games being played between the hours of 7:00 o'clock and 10:00. Brian Miller is looking after the interclass volleyball this year and he has posted a copy of the next week's schedule on the bulletin board. Be sure to check the board because each team plays just about every night. The team winning 2 out of 3 games wins the match. It takes 6 players to make a team, so get out and play for your class.

Beat St Pats 23-19

Aggies Win Season Final

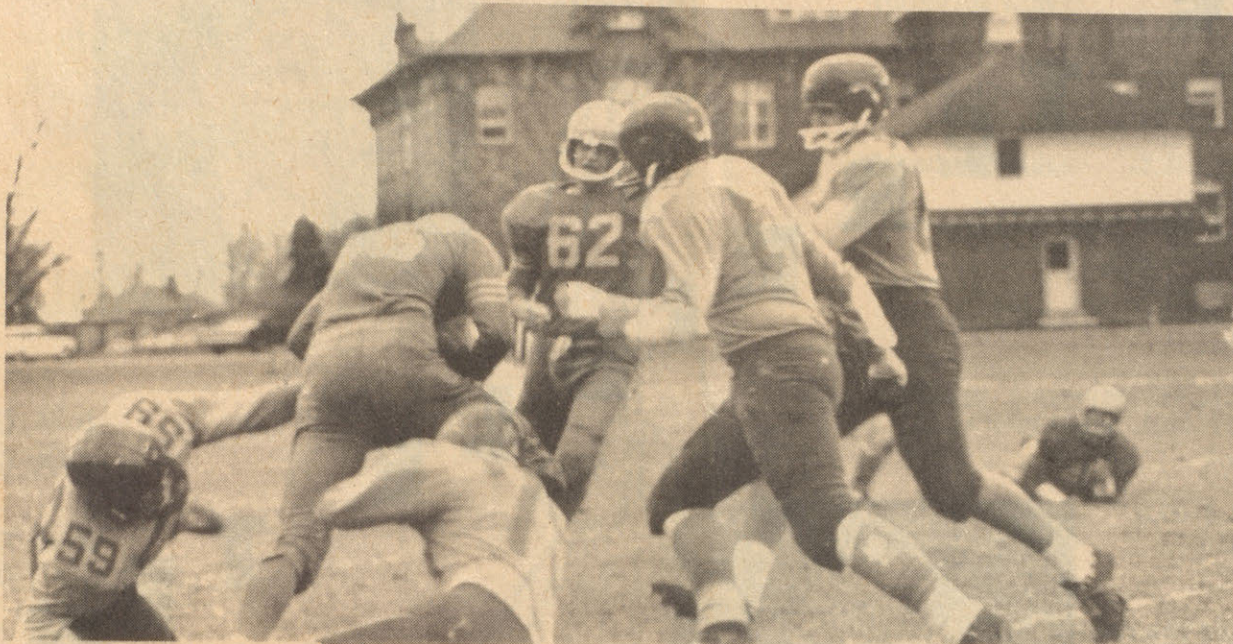

FINAL STATISTICS

Teams	P	W	L	F	A	Pts.
Bishops	4	4	0	142	29	8
Macdonald	4	2	2	67	90	4
Ottawa, St. Pats	4	0	4	27	117	0
Leading Scorers	P	TD	C	S	FG	Pts.
Sommerville, Bishops	4	7	-	-	-	43
Ingalls, Macdonald	4	4	3	2	1	32
A. Gratis, Bishops	4	4	1	-	-	25

The Mac Aggies finished off the football season victoriously on Saturday when they downed Ottawa St. Pats 23-19. Behind the running of Winston Ingalls who picked up 11 points in the game the Aggies finished the season in second place behind the Bishop Gaitors with a 2 and 2 record.

Alex Manson opened the scoring for Macdonald in the first quarter on a pitchout and end sweep, with Ingalls picking up the convert. St. Pats' Halloway on a goal line plunge, brought the score to 7 - 6. Early in the second quarter, Jalecour on a long 52 yard pass and run play went across for a touchdown, with Kelcher kicking the convert to put Ottawa ahead 13-7. However with 15 seconds left in the half, a short pass and a 56 yard run by Ingalls brought the half time score to 13-13. The third quarter saw the Aggies drive to within scor-

ing distance only to be held on St. Pats 18 yard line. Ingalls however picked up 3 points on a field goal try. In the fourth quarter on a hand off, Ron Rayner went through the line from St. Pats 6 for a touchdown with Ingalls converting. St. Pats staged a comeback when Newton went over from Mac's one yard line. Ingalls last minute touchdown was called back on a holding penalty and the game ended 23-19 for the Aggies.

St. Pat's ball carrier stormed by Aggies

B-Ball B-Bouncing

Coach Baker has cut the basketball team down to fourteen players while preparing the team for their opening game. Mac will play St. Pats, a new entry in the Ottawa-St. Lawrence League on Friday, Nov. 20 at Mac. Practices are held every Tuesday and Thursday in the Stewart Gym from 4:30 to 6:30 P.M.

The game was a typical finish for the season with the Aggies winning 4 of their last 5 games, defeating McGill, University of Montreal, and St. Pats twice. Although losing to Bishops twice, the last Mac - Bishops game was an indication of the potential of the team. With a years experience behind them, the Aggies should be in a position to take the Championship next year.

"I've decided that they can keep all
Their theories," said Biologist Freeple,
"I have studied for years,
And now it appears,
Birds and bees are
exactly like people!"

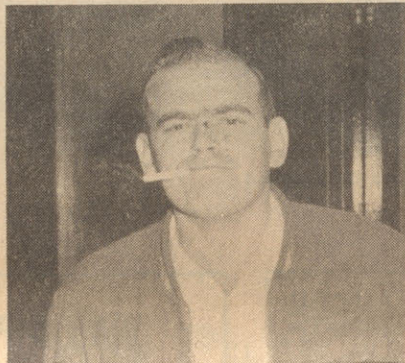

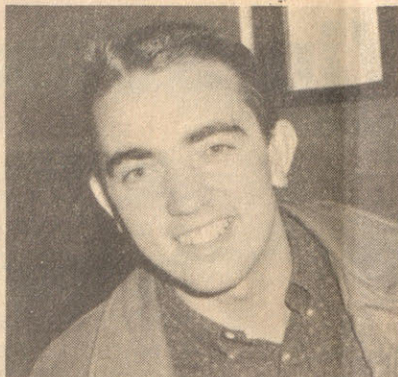

Penny-wise and dollar-wise,
The student who would like to rise,
Will use this saving stratagem—
A bit each week in the B of M!

Publicity Regulations

Last year a list of regulations for posters was adopted by the Publicity Department. This month and for the remainder of the year we plan to put these regulations into effective operation.

1(a) All requests for posters shall be submitted to the Director of Publicity at least three (3) days in advance of the date required for posting.

(b) Information for events scheduled in the Calendar, to be put on posters, must be passed to the Publicity Department 10 days before the posters are to be posted.

2. All committees shall be responsible for:

(a) Putting up their own posters.

(b) Removal of their posters as soon as they become obsolete. Failure to comply with the latter may result in a \$5.00 fine if the posters are left up beyond their effective date. The Department of Publicity members have the authority to recommend such a fine to House Committee.

3. All posters must be approved by the Publicity Department except those for elections, the Blood Drive, Winter Carnival and the Royal.

4. Publicity is responsible for the making of posters

for only those events sponsored by Student Activities on request.

5. All other organizations must take their own posters or else pay a small fee to Publicity to have their posters made for them.

6. Publicity has the authority to replace a poster or move it to a new location if it sees fit.

7. All posters made by the Publicity Department must be returned to Publicity within 1 day after the poster has been taken down.

8. Normally, posters are to be posted for a maximum period of one week.

9. \$3.00 fines shall be imposed at the discretion of the Publicity Department for:

(a) posting posters, notices, etc., other than in the place assigned.

(b) posting posters, notices, etc., without the approval of the Publicity Department.

(c) for not returning poster(s) to Publicity if the posters were made by Publicity.

10. There is a \$5.00 fine for removal of posters without permission, or for damaging of posters.

I.S.A.

A very special meeting of the I.S.A. will be held at Laird Hall on Sunday, Nov. 15th at 1.30 P.M.

The panel will consist of: Dr. J.C. McLelland, a member of the faculty of Divinity at McGill University and Professor of Theology at the Presbyterian College of Montreal, the author of several widely read books including "The Other Six Days"; Rev. Eric McIwain of Beaconsfield United Church - a graduate of Toronto University, who is chairman of the Inter church forum of Beaconsfield. and Rev. Murray Magor of Christ Church (Anglican), Beaurepaire, a graduate of the Faculty of Law, McGill who has practiced law for two years before entering the faculty of Divinity of McGill.

All these gentlemen are young and are particularly interested in young groups, especially University students. They will be willing to discuss any relevant problems of to-day's world. Let's make this discussion really worthwhile with your attendance and questions.

Kickapoo Joy-Juice this Saturday Night

On Saturday, just before the big Sadie Hawkins Dance, the Home Economics Club is sponsoring a punch party. This "warm-up" to the evening's festivities will be held in the

Stewart Room from 8:30 to 9:30 (or as long as the punch holds out!) All fellows are welcome, but they must be accompanied by a girl.

Jazz Society Forming

Persons interested in forming a Jazz Society are asked to attend a meeting on Thursday evening after supper in the far end of the Coffee Shop at 8 p.m. The ability to play an

instrument is not necessary but if you can play one it will be appreciated. We envisage to have both a jazz combo and a music appreciation (jazz records) group from Traditional, mainstream to modern jazz. The first meeting will be in the form of a seminar on "What is Jazz?"

Parlez-Vous Francais?

Le Department de Français vous invite cordialement a venir entendre un discours intéressant, Mardi, a 9:30 ou a 11:30. Le sujet de cette semaine sera "Compagne et Agriculture au Québec". Le conférencier sera de la faculté d'agriculture. Venez en grande nombre et amenez vos amis.

Freely Given

Coffee Party

The Aggies of '66 would like to extend a word of thanks to the third year Home Ecs. for a very enjoyable coffee party held in the Management House on Tuesday of this week.

Two very unexpected guests, namely, 'Ringo' Reed and Marshall 'Dillon' supplied the entertainment - but just verbally - Ringo's drums wouldn't fit on their motorcycle.

Marshal 'Dillon' summarized everyone's feelings concerning the party when (s)he stated "A good time was had by all."

We certainly hope the next group of juniors invited to the house have an equally enjoyable time and the entertainment is as good.

Thank you girls and keep up the good work.

The Aggies of '66.
